

We manage a diverse range of commercial properties and our services include the management of assets on behalf of owners – negotiations for new leases, lease renewals and rent reviews, collection of rents and other income, service charge budgeting and administration, plus immediate and adapted response to issues.

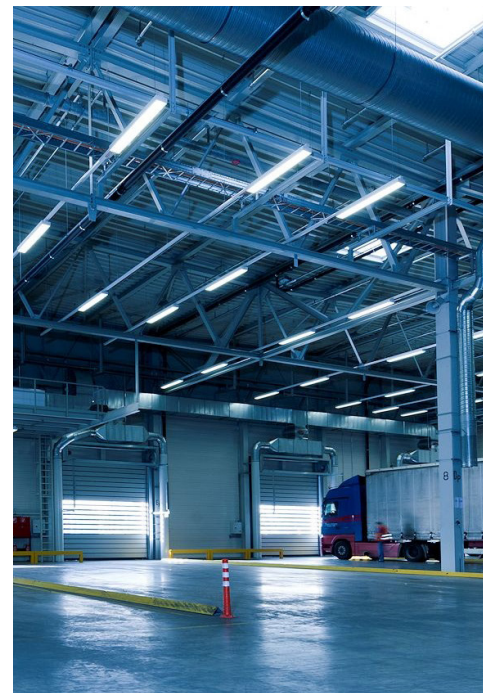

Our extensive range of services are tailored to you, the client to ensure you get the best experience out of Watsons and feel at ease with your property management.

A pro-active property management service enables property owners to achieve the maximum long-term value from their investment. Our comprehensive, tried and tested management system is tailored to the specific needs of our clients and the property.

Whether it is individual buildings or a portfolio, multi-let offices or retail park, Watsons experience extends across the East of England working for a wide variety of clients including family trust held investments and overseas investors.

We offer a bespoke service including:

- Collection of rent and other income.
- Service charge budgeting and administration.
- Ensuring fulfilment of each party's lease obligations.
- Compliance with legal requirements.
- Regular monitoring of the property's long-term performance.
- Identification of opportunities for improvement.
